TECOLOTE CANYON

A SENIOR & MEMORY CARE FACILITY

A photograph of an elderly couple embracing and smiling, overlaid with a green tint. The man is on the left, wearing a dark shirt, and the woman is on the right, wearing a light-colored top. They are both smiling broadly, and the woman has her hand on the man's face. The background is blurred, suggesting an outdoor setting. The text "Enjoy the Lifestyle You Love in a Community that Cares!" is centered over the image in white font.

# An Exceptional Experience

Tecolote Canyon is a place where you or your loved one can experience a life of community, well-being, purpose, and independence.

Start your day with an invigorating workout in our gym or a leisurely stroll in a nearby park. During the day, take an art class at our studio or read a book in our interior courtyard. Share a gourmet meal with friends at dinner. End the day with a nightcap on our rooftop garden or watching a movie in our theater. We offer a full range of high-quality amenities to meet your personal needs, as well as life-enriching activities through our SPARK™ activities and lifestyle program.

Enjoy a warm and welcoming community where every resident is valued and respected and all are treated with dignity and care. Our team members are committed to providing an exceptional experience. We offer a 24-hour dedicated team that is prepared to meet your personalized needs.

This is no average senior living experience! If you're seeking a community where residents have a sense of belonging and purpose and where loved ones are eager to visit, then you've found the right place!

Our award-winning SPARK™ program, inspired by Montessori methods, sets us apart from all other communities. SPARK™ has been scientifically proven to increase the engagement and quality of life for our residents in four important ways.

## **Social Roles**

SPARK™ supports residents by encouraging meaningful social roles. Providing residents with social roles enables them to be productive and successful, and to continue their lifelong habits and routines within our community. Whether it be leading our welcoming committee, teaching a class, or participating in charitable events, our focus is to know the resident and to help weave their lifelong habits and skills into the fabric of the community.

## **Skills-Focused**

SPARK™ works to enhance skills that may have been lost. Through this scientifically proven program, a skill that may be considered lost could actually become a strength! Many of our residents regain muscle memory using simple Montessori activities that consistently work on procedural memory and repetition.

## **Easing into Complexity**

Tasks are easier to complete when broken down into smaller parts and they are easier to remember when they become part of long-term memory. That's why SPARK™ introduces activities which progress from simple to complex and do not rely merely on short episodes of entertainment. Simple ideas build into larger and more engaging projects over time.

## **Focus on the Strengths**

SPARK™ focuses on what residents can do, rather than what they cannot. Each of our residents arrives with skills, hobbies, and experiences which SPARK™ uniquely assesses and builds into a tailored social role. Focusing on a resident's strengths allows them to find success and fulfillment.

SPARK™ empowers seniors to create a community that speaks to them. Residents can do what they know and love, discover a new passion and hobby, and find purpose in their social role. Discover your SPARK™ at The Pavilion at Tecolote Canyon!
